

Coronavirus Disease 2019 (COVID-19) – Symptoms

The infographic features a teal background with a white silhouette of a person coughing into their elbow. In the bottom left corner, there is a small CDC logo. The text is organized into several sections: a title bar at the top, a main text block with a list of symptoms, and a footer with a website link.

CORONAVIRUS DISEASE

CORONAVIRUS DISEASE 2019 (COVID-19)

Patients with COVID-19 have reportedly had mild to severe respiratory illness. Symptoms can include

- Fever
- Cough
- Shortness of breath

* Symptoms may appear 2–14 days after exposure.

Seek medical advice if you develop symptoms, and have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.
