About This Webinar

Organizational alignment is key to achieving long-term success, yet many companies struggle with internal disconnects that reduce efficiency and hinder growth. This insightful webinar will break down how performance and culture must align to maximize employee engagement and business outcomes.

What You'll Learn:

- How to identify misalignments that impact performance and growth.
- The Management Performance System framework and its role in aligning employee expectations with business goals.
- Actionable strategies to create a more cohesive and predictable workplace that fosters long-term success.

Led by **Andrew Rush**, a seasoned expert in business transformation, this session will provide practical steps to align your organization's performance and culture for greater predictability and profitability.

This webinar is proudly sponsored by SafetyNow, a trusted provider of workplace safety training solutions designed to improve compliance and overall organizational effectiveness.

About the Speaker

Adam Rush

Vice President, Carpedia International Ltd.

Andrew Rush is a seasoned business leader and consultant with a track record of improving financial results through team collaboration and leadership development. With experience in turnaround situations and executive roles across various industries, he specializes in aligning performance and culture to drive organizational success.

As a professional speaker, Andrew has delivered training on Performance and Cultural Alignment to CEO groups and industry associations, helping companies increase predictability and profitability. In his current role at Carpedia, he works closely with executive teams to assess and enhance organizational alignment.

Andrew holds a Bachelor of Commerce from Queen's University and has led companies recognized as one of Canada's 50 Best Managed Privately Owned Companies.
