Hand and Power Tool – Construction Safety Video

Most people have injured themselves with a tool at least once in their lives. In fact learning to use some tools seems to require a little pain. Unfortunately, tool accidents result in thousands of serious injuries and hundreds of deaths each year… most of which could have been avoided by simply handling tools safely. To avoid these types of accidents employees need to know how to handle their tools safely. But this can be a difficult task, since every tool has its own unique set of hazards.
