Horseplay on the Job Picture This

What’s wrong in this picture?

There are two workers acting with unsafe behavior when operating a forklift.

Workplace horseplay can cause serious issues for both employees and companies.

Reduce your risk of injuries and liability. Horseplay is usually a friendly, physical way to let off steam. But that type of fooling around is dangerous on the job. You can prevent most workplace accidents by being alert to hazards and following safety rules. You can’t do either when you indulge in horseplay.

Horseplay Prevention at the Workplace template can be used to discuss how to identify and avoid hazards of improper physical contact, playing around, racing, grabbing, foolish vehicle

operation, and social pressure to participate in unsafe acts, harassment and unauthorized contests.
