

Maritime PPE Infographic

Personal Protective Equipment (PPE)

The Personal Protective Equipment in short PPE is any equipment intended to protect the user against one or more risks that could threaten his health as well as his safety. PPE includes equipment such as: safety helmets, gloves, eye protection, high-visibility clothing, safety footwear, safety harnesses and respiratory protective equipment (RPE), etc. PPE is required for jobs such as dockers, crane operators, forklift operators, naval mechanics, etc.
