A vital part of effective HAZWOPER training. Basic training for selecting, using, handling and storing respirators. Proper fit-testing procedures are covered in detail.

HAZWOPER: Site Safety and Health Plan

Overview of general safety and health plan requirements, incident characterization, remedial actions and how to create a comprehensive written plan. Explains site control issues, routine operations, medical care, evacuation and more.

Office Ergonomics: Adjusting Your Workstation – (14 min)

This unique approach to Ergonomics training, begins by asking each viewer to select what area of their body, if any, is experiencing pain or discomfort. They are shown common postures that can cause or contribute to the conditions. The viewer is then lead through a comprehensive and specific method of adjusting a workstation to maximize neutral postures and minimize pain, discomfort and strain. This program also points out the multitude of other factors outside of the workplace that can contribute to musculo-skeletal disorders. This encourages viewers to take steps to adopt

neutral postures in all of their activities.

Personal Hygiene In The Workplace

Personal hygiene can ???make or break??? a person???s success at their job, and it can cause discomfort and embarrassment that results in a breakdown of communication and productivity. This program has been developed as a tool for employers to be proactive in addressing the subject, as well as an aid to those managers and supervisors that find themselves in the position of needing to react and take action in the even of a complaint.

Workplace Violence Facts Prevention

The potential for workplace violence has become a stark reality in our world today. While the odds of a serious incident happening on your property may be slim, the importance for effective preparedness remains vital. This program helps you achieve a level of preparedness and allows viewers to develop a sense of confidence if faced with a potentially violent situation in the workplace. How to recognize signs of potential problems and what to do if the potential becomes reality are discussed in depth.

Beyond Basic Driving: Utility

Cart Safety – (5 min)

Utility carts are in use at many Hotel and Resort locations for a wide variety of purposes. This program addresses specific hazards associated with utility cart use that were compiled from actual loss control data. Viewers are shown common sense approaches to reducing risks for them, their passengers and pedestrians. This program aims to make everyone on your property safer.

Beyond Basic Driving: Company Owned Vehicles

Beyond Safe Driving is exactly that. This video won't teach your drivers how to drive. They already know that. It goes beyond that to teach them specific skills in handling larger courtesy vehicles. These vehicles handle quite differently than most passenger cars and a specific skill set and knowledge is required to operate them safely. We address today's #1 hazard, Distracted Driving, but we also detail numerous hazards and the steps that can be taken to reduce the risk to your driver, your vehicle and your passengers.

Beyond Basic Driving: Valet Safety

There's so much more to being a safe Valet than just driving. Not to say this program doesn't cover safe driving; it does. But, it goes far beyond that and teaches your Valet how to take

care of your customers in an effective way without compromising safety. The program covers detailed information gathered from professionals around the industry and loss control statistics. It's a must see for new Valets or for experienced personnel who may have become complacent and need some retraining.
