## 10

## Ultimate Safety Tips for Truck Drivers

1

Never climb on top of loads to secure tarps

6

Avoid using your Cell Phone while Driving

2

Replace any cargo control pieces that show wear or damage

7

Wear gloves, safety glasses and other protective clothing while securing a load

3

Stand clear of trailers during the loading and unloading

8

Stay within the speed limit especially ones specifically noted for semi-trucks

4

In windy conditions always ask for help to apply or remove a tarp

9

Be careful when making turns on a curvy road or at an off-ramp

5

Educate yourself before using a new cargo equipment

10

Always remove sunglasses when entering tunnels
